CCA Announces Illinois Fraud Awareness Symposium

Symposium will take place November 12, 2009 at the Illinois CPA Society in Chicago, Illinois

Building upon the success of its Michigan-based Fraud Awareness Symposium, Cendrowski Corporate Advisors (CCA) is pleased to announce its first annual Illinois Fraud Awareness Symposium. The half-day program will be sponsored by the Illinois CPA Society, and is scheduled to take place in the fall of 2009 (need more date info).

“Our fraud awareness symposiums have proved very popular with executives, managers, and CPAs,” stated Harry Cendrowski, Managing Director. “We felt an additional fraud symposium in Illinois would allow us to share our knowledge with other interested professionals, and would naturally complement our firm’s expansion into Illinois.”

The symposium will consist of a series of panels with fraud experts from the Illinois community. “We believe the half-day format is optimal for working individuals who want to learn about fraud awareness. It is important that we provide them with educational material, while being respectful of their time,” said Mr. Cendrowski. The symposium would also count toward continuing professional education (CPE) credit for Illinois CPAs.
