Operational Integrity™

HARRY CENDROWSKI FEATURED IN THE RISK MANAGEMENT ASSOCIATION, CHICAGO CHAPTER'S NEWSLETTER.

Sometimes it takes a newcomer to remind us how fortunate we are to work and live in such a dynamic city. Harry Cendrowski's roots are in Michigan, but he spends the majority of his time in Chicago. Harry reminds us that in addition to all of Chicago's quality of life features, our city offers businesses an excellent talent pool, several great local universities and that Midwest work ethic.

Harry is a founding member and Managing Director of Cendrowski Corporate Advisors, a financial consulting and litigation support firm with offices in Chicago and Bloomfield Hills, Michigan. The firm's services include business valuations, economic damage analyses, expert witness testimony, back and middle office operations, fraud investigation and deterrence engagements, and forensic accounting services. In addition to being a CPA, Harry is ABV (Accredited in Business Valuation), CFF (Certified in Financial Forensics), and CFD (Certified Fraud Deterrence Analyst), among other accreditations. Harry's credentials fit very well into the future of financial services in Chicago. He notes, "Chicago has a wealth of expertise and is expected to be the country's center of business valuations and forensic accounting."

Harry was steered to RMA by a client who advised him that RMA Chicago Chapter was a great way to connect with others in Chicago's financial community. Harry is partial to collaborative efforts and sharing information, and he has found that here along with what he described as a "high level of enthusiasm." As the author of several articles and training manuals used by accrediting associations, Harry can anticipate that RMA will enthusiastically accept offers to share his expertise with our members.
